So try our free and simple filehosting service now. No account or credit card is required to get started. There are no restrictions on the number of times a filecan be downloaded. If only we could, we surely would! On the other hand, using file can actually save you money. Our service is completely free for everyone. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. You don't need any specialsoftware installed to be able to download your files. filehosting provides an easy possibility for you to send large files to your friends. This is easy, fast andreliable filehosting! You don't need any kind of premium-accounts. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share afile, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Why pay storage fees for a file thatyou just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Using file, you can circumvent those limits without paying to upgrade your team chat service. The cost of that data transfer is covered by your internet service or the dataplan on your phone. It is also allowed to link to the download page from websites and communities. When you use file, you avoid storing the file you'resending in your cloud storage or mail server. Keep your files private, or send your download links only to friends or family. Any file in any format can beuploaded and downloaded for free. Files can be downloaded from any computer from our high speed servers. You decide who you want to share your files with. You can give this download link to your friends by mail or instant messenger. You can upload any type of file (movies, music, documents, images, zip files andmore). Simply upload your file and share the link. File is free to use with no gotchas and no hidden fees. Just upload the file you want to share w
