Maybe even better than free.

Keep your files private, or send your download links only to friends or family. We have no file size limit. Any file in any format can be uploaded and downloaded for free. You can give this download link to your friends by mail or instant messenger. You don't need any special software installed to be able to download your files. You decide who you want to share your files with. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Using file, you can circumvent those limits without paying to upgrade your team chat service. It is also allowed to link to the download page from websites and communities. If only we could, we surely would! On theother hand, using file can actually save you money. Files can be downloaded from any computer from our high speed servers. Alternatively you can choose toshare your download links on blogs, forums and social networking sites. When you use file, you avoid storing the file you're sending in your cloud storage ormail server. No account or credit card is required to get started. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file,data is being transferred between your computer or phone and our servers, then from our servers to your friends device. So try our free and simple filehostingservice now. Our service is completely free for everyone. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Filestransferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Unfortunately, we can't make thatpart free. There are no restrictions on the number of times a file can be downloaded. Simply upload your file and share the link. filehosting provides an easypossibility for you to send large files to your friends. File is free to use with no gotchas and no hidden fees. Just upload the file you want to share with yourfriends and we send you a download link to your file. The cost of that data transfer is covered by your internet service or the data plan on your phone. You canupload any type of file (movies, music, documents, images, zip files and more).
