Maybe even better than free.

Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Our service is completely free for everyone. filehosting provides an easy possibility for you to send large files to your friends. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Just upload the file you want to share with your friends and we send you a download link to your file. No account or credit card is required to get started. Files canbe downloaded from any computer from our high speed servers. Alternatively you can choose to share your download links on blogs, forums and socialnetworking sites. You don't need any special software installed to be able to download your files. If only we could, we surely would! On the other hand, usingfile can actually save you money. It is also allowed to link to the download page from websites and communities. There are no restrictions on the number oftimes a file can be downloaded. We have no file size limit. Using file, you can circumvent those limits without paying to upgrade your team chat service. Thecost of that data transfer is covered by your internet service or the data plan on your phone. When you use file, you avoid storing the file you're sending in yourcloud storage or mail server. Keep your files private, or send your download links only to friends or family. This is easy, fast and reliable filehosting! You don'tneed any kind of premium-accounts. Any file in any format can be uploaded and downloaded for free. You can give this download link to your friends by mailor instant messenger. Unfortunately, we can't make that part free. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also,many team chat apps have limits to the size of files that can be transferred within their apps. You can upload any type of file (movies, music, documents,images, zip files and more). File is free to use with no gotchas and no hidden fees. You decide who you want to share your files with. Simply upload your fileand share the link. So try our free and simple filehosting service now.
