Maybe even better than free.

So try our free and simple filehosting service now. You can give this download link to your friends by mail or instant messenger. Using file, you cancircumvent those limits without paying to upgrade your team chat service. No account or credit card is required to get started. Keep your files private, or sendyour download links only to friends or family. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money indata storage fees. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Files can be downloaded from any computer from our high speed servers. If only we could, we surely would! On the other hand, using file can actually save you money. Any file in any formatcan be uploaded and downloaded for free. We have no file size limit. filehosting provides an easy possibility for you to send large files to your friends. Youdon't need any special software installed to be able to download your files. Why pay storage fees for a file that you just wanted to send to a friend or colleague?Also, many team chat apps have limits to the size of files that can be transferred within their apps. There are no restrictions on the number of times a file can be downloaded. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. The cost of that data transfer is covered by your internet service or the data plan on your phone. Our service is completely free for everyone. Simply upload your file and share the link. You decide who you want to share your files with. File is free to use with no gotchas and no hidden fees. When you use file, you avoid storing the file you're sending in your cloud storageor mail server. Just upload the file you want to share with your friends and we send you a download link to your file. Your wallet will be none-the-lighter! Justso we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Unfortunately, we can't make that part free. You can upload any type of file (movies, music, documents, images, zip files and more). It is also allowed to link to the download page from websites and communities.
